

Senior Development Manager

Hours: 37 hours per week
Contract: Permanent
Salary: £44,624 - £47,665 per annum
Head office: Sheffield

This is an exciting time to be part of the team working directly with the Mayoral team, the SYMCA South Yorkshire Mayoral Combined Authority (MCA), and the Local Enterprise Partnership (LEP). Devolution has never been higher on the political agenda, and the MCA and LEP are playing an increasingly important role in shaping our economy. From transport to housing, from business growth to skills, SYMCA has a great story to tell. We are ambitious, and through devolved powers want to achieve real change for our communities.

This is an exciting opportunity for a dynamic and driven Individual to help shape the future of adult education, employability and skills development for the South Yorkshire region. With a devolved budget to be prioritised and allocated across approved providers SYMCA will ensure that we develop individuals with the right skills and knowledge to meet the employment needs of the area for now and the future.

We are looking for a strong individual to take forward our commissioning of devolved Adult Education Budget funded provision. We are looking for a team player, who can analyse diverse information in relation to learners, skills trends and providers and use their knowledge of skills to make recommendations to shape, develop and implement policies that will underpin our employability and skills approach and contribute to our future vision.

The role would be suitable for those with knowledge of the adult skills sector, and with an understanding of qualifications and funding strategies and programmes. You should also have experience of working within a complex environment with multiple stakeholders. This will be a challenging position, you will be expected to bring an energetic, creative and 'can do' approach to the role

We offer a competitive salary, hybrid working, access to the Local Government Pension Scheme, and the opportunity to be part of an ambitious organisation striving to achieve real change for our communities.

Located in a vibrant city centre location, we are well-placed for transport links and encourage employees to take advantage of the active travel facilities we have such as bike storage and shower/changing facilities. We believe in a healthy work/life balance.

For further information, or to arrange an informal discussion about the role, please email
