1. Introduction

- 1.1 'Corporate governance' describes how an organisation directs and controls what it is accountable for. This Code of Corporate Governance is a public statement setting out South Yorkshire Mayoral Combined Authority (from hereon referred to as 'the MCA' or 'the authority') and the Sheffield City Region Local Enterprise Partnership's (SCR LEP) commitment to good governance and how the principles of good governance will be fulfilled in practice.
- 1.2 By governance, we mean the arrangements that are put in place to ensure that our intended outcomes (the results of our activity) are defined and achieved. Our Governance Framework comprises the systems and processes, cultures and values, by which we direct and control our activities. This framework ensures we operate effectively, efficiently, and ethically.
- 1.3 To demonstrate good corporate governance, we will carry out our functions in a way that shows accountability, transparency, effectiveness, integrity, and inclusivity. Good governance is about making sure we do the right things, in the right way for the right people, in a timely, inclusive, open, honest and accountable manner and will enable us to pursue our vision and deliver our agreed objectives in the most effective and efficient manner, bringing about better outcomes for the residents, businesses and visitors to the region.
- 1.4 Our business will also be conducted in accordance with the Seven Principles of Public Life identified in The Nolan Committee Report (1995)¹ and in accordance with the Cabinet Office Code of Conduct for Board Members of Public Bodies.
- 1.5 This Code will be reviewed annually to ensure it continues to be relevant and fit for purpose. The effectiveness of the governance arrangements and internal control systems described in this Code will also be reviewed annually and the review outcomes published in an Annual Governance Statement (AGS). The AGS will describe the governance structures and arrangements in place and will report on their effectiveness, including performance against the Code. It will also highlight any significant areas for improvement and identify actions to be taken to address them in the forthcoming year.

2 Governance Principles

We have mapped our Governance Framework against the principles of the Chartered Institute of Public Finance and Accountancy (CIPFA) / Society of Local Authority Chief Executives (SOLACE) Framework ***Delivering Good Governance in Local Government 2016***. These principles are dynamic and involve continuous evaluation, review and improvement. The following sections describe how we fulfil the requirements of the seven principles.

The Principles of Good Governance

3. A. Good governance means ensuring Officers behave with integrity, demonstrate a strong commitment to ethical values and respect for the rule of the law

- 3.1 The MCA reflects the values and high standards of conduct and behaviour of its constituent and non- constituent local authorities. These high standards are supported by Codes of Conduct for Members and Officers, which are incorporated into the MCA Constitution, and set out the standards required of all members, co-opted members, and officers in carrying out their duties. These Codes include, as a general obligation, that members must have regard to the Principles of Public Life as identified in the Nolan Committee Report (1995)¹. Protocols in relation to the disclosing of interests at meetings and the registering of interests both pecuniary and non-pecuniary are also included in this section of the Constitution. These declarations are published on the website.
- 3.2 The Constitution also describes the delegations to the Monitoring Officer in relation to their contribution to the promotion and maintenance of high standards of conduct.
- 3.3 The Overview and Scrutiny Committee and Audit and Standards Committee holds the authority and SCR LEP to account and provides a 'check and balance' in relation to the discharge of duties.
- 3.4 The Constitution outlines the approach taken by the authority in dealing with the threat of fraud and corruption as well as detailing a Fraud Response Plan. In addition, the MCA's commitment to openness, probity and accountability is also outlined in its Whistleblowing Policy. The Constitution also outlines the responsibilities of members to notify the Monitoring Officer regarding the receipt of gifts or hospitality.
- 3.5 The SCR LEP has in place a Code of Conduct and Declarations of Interest Policy which sets out the standards which are required of members of the LEP in carrying out their duties, and in their relationships with the MCA and its officers. In line with the MCA, the Code of Conduct includes a general obligation that members must have regard to the Principles of Public Life as identified in the Nolan Committee Report (1995) and also to the Cabinet Office Code of Conduct for Board Members of Public Bodies. The Declarations of Interests Policy also sets out protocols in relation to the disclosing of interests at meetings and the registering of interests both pecuniary and non-pecuniary. The LEP also has in place a Confidential Complaints Process and a Whistleblowing Procedure.
- 3.6 As the Accountable Body the MCA is committed to ensuring compliance with relevant laws and regulations, internal policies and procedures, and that expenditure is lawful. Reports of any breaches or potential breaches will be fully investigated by the MCA's internal audit partners.

¹ selflessness; integrity; objectivity; accountability; openness; honesty; and leadership.

3.7 Standard contract clauses stating compliance with applicable laws relating to anti-bribery, anti-corruption, human rights, human trafficking and counter terrorism, information laws and environmental regulations are included in MCA contracts with all external providers of services.

3.8 The MCA will strive to attain and optimise the use of full powers available for the benefit of citizens, communities, and other stakeholders, through the strategically aligned investment of gainshare monies and using the additional borrowing powers derived from the devolution deal

4. B. Good governance means ensuring openness and comprehensive stakeholder engagement

4.1 The authority and LEP recognise that they have been established for the public good and should therefore ensure openness in their activities. The MCA and LEP therefore aim to ensure clear, trusted channels of communication are used to engage effectively with their stakeholders.

- Have in place a formal statement, in the form of a Strategic Economic Plan (SEP) that describes the vision for South Yorkshire and sets out purpose and intended outcomes of the MCA and LEP.
- Identify and manage the risks to the achievement of outcomes.
- Appraise schemes seeking investment against a robust set of criteria that consider and balance the combined economic, social and environmental impact of policies and plans at the earliest possible opportunity, where appropriate.
