

Bus Network Development Manager

Hours: 37 hours per week
Contract: Permanent
Salary: £42,503 - £45,495 per annum
Head office: Sheffield

The South Yorkshire Mayoral Combined Authority (MCA) brings together the local authorities of Barnsley, Doncaster, Rotherham and Sheffield and the private sector through the Local Enterprise Partnership (LEP). These bodies together serve the communities and businesses of South Yorkshire. From transport to housing, from business growth to skills, the MCA has a great story to tell. We have ambitions to deliver economic growth and prosperity for people, businesses, and places across South Yorkshire.

This is an exciting and important time to be part of the team working to develop our established contracted Service portfolio. The role will be responsible for supporting the development and implantation of new and innovative public transport solutions enabling the South Yorkshire Mayor to look to deliver a transport network of the future.

In the role you will take responsibility for our tendered network to ensure people continue to have access to jobs, training, health, and leisure opportunities across the region; as well as developing new bus services to respond to changing demand. The role will also support the development of a sustainable bus network.

You will have in-depth knowledge of the public transport sector and be committed and passionate with the enthusiasm and determination to drive exciting change and deliver results. You'll thrive in the partnership environment and could work effectively across services such as briefing councillors, external partners and engaging with stakeholders and the public. Experience of planning business continuity strategies with a specific focus on planning for the service's response to future emergency situations is also required.

You will be a confident communicator, with well-developed management skills, to include an ability to think creatively and implement solution and outcome focussed problem solving with an ability to initiate and manage change through influence and collaboration.

In return, we offer a competitive salary, hybrid working, access to a local Government Pension Scheme and the chance to be part of an organisation where you can really make a difference. Located in a vibrant city centre location, we are well-placed for transport links and encourage employees to take advantage of a range of benefits, including active travel facilities. We believe in a healthy work/life balance.
